# FARBVERBUNDKOLLEKTION

## MFB/HPL COLOUR MATCH COLLECTION MFB/HPL

RESOPAL bietet Ihnen ab sofort eine Farbverbundkollektion mit nahezu identischen Dekor-Oberflächenausführungen als direktbeschichtete Platte (MFB) und HPL-Schichtstoff an. Dies ermöglicht den Einsatz aufeinander abgestimmter Produkte, um ganzheitliche Raumkonzepte im gleichen Dekor zu realisieren. Die direktbeschichteten Spanplatten sind in den Formaten 2800 x 2070 mm und den Dicken 8 mm und 19 mm verfügbar. Neben den bekannten Oberflächen 60 und EM ist auch die innovative matte, feinporige Holzstruktur Elegant Wood (EW) in beiden Produktsystemen erhältlich.

RESOPAL now offers a coordinated surfaces collection with virtually identical decorative surface designs made from melamine-faced board (MFB) and high-pressure laminate (HPL) boards. These harmonised products can be used to create integrated room concepts in the same decor. The MFB sheets are available in 2800 x 2070 mm in the thicknesses 8 mm and 19 mm. As well as the popular 60 and EM surfaces, the innovative matte Elegant Wood (EW) fine-pore wood structure is available in both product systems.

## OBERFLÄCHEN TEXTURES

### 60 - Matte

Matt, robust, unempfindlich gegen Schmutz und Fingerabdrücke.

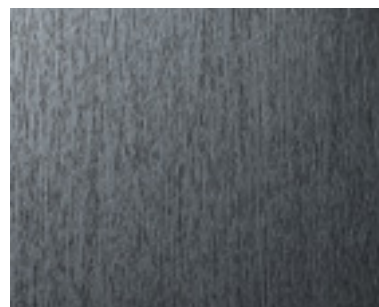

Matte, robust, resistant to dirt and fingerprints.

### EM - Smooth Matte

Natürlich samtige Haptik, unempfindlich und äußerst reflexionsarm.

Naturally velvety touch, hard-wear-ing and very low-reflective.

### EW - Elegant Wood

Elegante, feinporige Holzstruktur mit matter Anmutung und besonderer Tiefenwirkung.

Elegant, fine-pore wood structure with matte look and feel and special in-depth effect.
